Dear Seymour Art Gallery Member;

The Strategic Planning process is still actively underway. As you may recall, we hosted a planning workshop on May 29, and nearly 30 people attended, allowing us to have a very full discussion of key issues affecting the future of the gallery – as well as many ideas for the future. This information is foundational as we consider our options for the future.

However, your opportunities for input or involvement does not end with the workshop. The online survey will continue to be available until the middle of July, and we are planning a report to the membership at the AGM on July 6. In addition, individual comments and suggestions are always welcome – please send them to [info@seymourartgallery.com](mailto:info@seymourartgallery.com), or drop us a note to our mailing address at 4360 Gallant Ave, North Vancouver BC V7G 1L2.

A copy of the presentation that was made to the workshop by the Board is now available on the Gallery's website. It contains a review of the strategic planning project's purpose, plus the results of our stakeholders survey as of May 27th (including online and hard copy surveys, plus some telephone interviews), for your information. To access it, go to the Gallery's home page at [www.seymourartgallery.com](http://www.seymourartgallery.com) .

Your Board of Directors
