

**BRIGHT LIGHTS** by *Cindy Goodman*

**Seymour's Main and Hastings**

Photographer **Ross den Otter**

**Main + Hastings, photographs by Ross den Otter**, is the latest exhibit at North Vancouver's Seymour Art Gallery. It documents street level views of Main Street and Hastings Street in Vancouver. Both streets are in the process of significant change, with a mix of businesses and residential properties that could only exist in older neighbourhoods. The panoramic photographs offer a glimpse of the larger changes shaping the current and future developments of Vancouver and beyond and will be on display through Sept. 6.
